

## **BECOMING A CERTIFIED OR MASTER TECHNICIAN WITH MERCURY MARINE**

There are many individual and Dealership advantages to becoming a Certified or Master Technician with Mercury Marine. Our credit system provides you a clear path on how to become Certified and then a Master Technician if you choose. Some important things to consider:

### **How fast do you want to reach the 60 credits needed to become Certified?**

- Most technicians take 2-3 years, but it can be done in 1 year.

### **What are the most important courses to take first?**

- Required E-Skills courses taken first improve your classroom performance.

### **How are the classroom courses set-up?**

- Many classes are scheduled so you can take classes back-to-back within the same week at the same school. This means less trips, time and money.

### **What Certifications are there?**

**You can become Certified in the following areas:**

- MerCruiser Inboard Certified
- MerCruiser Sterndrive Certified
- Mercury Outboard Certified

**You can become Master in the following areas:**

- MerCruiser Master
- Mercury Outboard Master

### **How do I get started and enroll in courses?**

**Enrolling in E-Skills is easy,**

- Simply fill out the E-Skills enrollment forms in the back of the book and fax to Mercury University, or
- Submit an order on MercNET, or
- Call Mercury University and we will take your order over the telephone.

**Enrolling in Classroom Courses,**

Keep in mind, classroom courses are a first-come-first serve basis. We strongly recommend that you have a second and third choice of dates available to avoid any delay.

- Fax in the Classroom Enrollment form in the back of the book with the courses you are interested in attending, or
- Register for Classroom Courses on MercNET, or
- Call Mercury University and we will enroll you in the classes you want to attend.
